

LITTLE BARFORD

HELP SHAPE THE FUTURE OF LITTLE BARFORD

We'd like to invite you to join us at one of our public events to discuss the emerging proposals and share your thoughts.

Come along to find out more about our plans for the development, which include around 4,000 new homes, two primary schools and a secondary school, leisure and sports facilities, shops and services, community parks and much more.

Little Barford is a carefully considered and widely consulted upon option for delivering important infrastructure alongside much-needed new homes.

These proposals do not form part of central government's identification of land within Tempsford as a long-term growth area.
