

Staploe Parish Council

Date: 21/11/2018

Application number: 18/02145/S73

Proposal: Application for planning permission for solar farm and associated development without complying with conditions 10 and 11 of planning permission 17/02538/S73

Location: Land at Top Farm and Little Staughton Airfield

Response: Object

This application was discussed at the meeting of Staploe Parish Council on Tuesday 20th November 2018. The Council believe that augering is a much less intrusive sound than piling and that the condition to use augering near residential areas should be upheld.

In addition, they expressed concern that the hedges and trees which are supposed to be planted as part of the scheme before the construction starts have not been planted yet. They also wanted to request that there would be an escrow fund or similar to ensure that the hedges and trees would be maintained throughout the life of the project.

Best wishes,

Lucy Crawford

Clerk to Staploe Parish Council
